

Laptop Insurance Agreement

Safeware Insurance, a laptop insurance company that a number of schools use for their parents and staff, has made available a policy for the laptops our student will lease. We strongly recommend purchasing this optional insurance. This policy, if purchased, will cover your child's laptop for one calendar year beginning 8/09/11 and ending 8/08/12. This insurance may be purchased at the annual cost of \$100.00. Any claims made against the policy will require a \$100 deductible. This policy covers accidental damage, theft, burglary/robbery, power surge, vandalism, fire, and natural disasters. The policy does not cover normal break-fix issues. These type of repairs are covered at no cost under the extended warranty through Apple Computer, Inc.

If you choose to invest in this policy, please return this form along with payment by Wednesday, August 11th. Please make your check payable to TCA.

If you choose to waive the insurance, please understand that you are accepting full responsibility for the cost of repairing or replacing the laptop in the event of damage or theft.
